EDUCATION

Illinois State University
Normal, IL
2019 - 2023

Bachelor of Science in Business Information Systems

EXPERIENCE

CDW
Vernon Hills, IL
Sept 2024 - Current

PC Configurations Tech

- Meticulously tested systems to ensure 100% quality.
- Configured thousands of customers' systems to their requested specifications.
- Escalated problems to a higher level when applicable and described the problem using effective communication.

DL & Associates, LLC
Schaumburg, IL
June 2023 – Mar 2024

IT Specialist

- Was the primary point of contact for the companies I worked with.
- Independently worked 15 medium to small sized companies for various data projects, mainly full data conversions.
- Complete company data conversions from one ERP to another received 100% data accuracy, down to the nearest cent.

PROJECTS

2023 Association for Information Systems (AIS) Cybersecurity Competition (Team of 3)

- Develop a budget for Biscayne Medical Center in Miami that reduces IT spendings while maintaining security.
- Determine how Biscayne Medical Center (BMC)'s conversion from EMR to the cloud will affect their budget.
- After becoming competition finalists, we presented our budget and our reasoning to a judging panel.

Heartland Theater Company CRM Program (Team of 7)

- Standardized and migrated over 30000 rows of excel data to SQL Server.
- Used agile methodologies and scrum to quickly develop and revise software for our client, Heartland Theatre Company.
- Developed the application's user friendly interface using ASPX and the backend was built with visual basic and SQL.

Automotive Company Simulation (Team of 5)

- Managed a large automotive company and competed against 5 other teams in our class.
- Reevaluated our strategy based on how well we performed since previous financial quarters.
- Developed easy to read data visuals and then presented them to show how well our strategies played out.
